

Regular Dance Classes in **Competition** **2010**

Participating in a competition can be a wonderful and motivational experience and at Danscott Studio, when a dancer or group are technically and emotionally ready for this experience, we invite them to participate. Classes who are younger or perhaps less involved, will not be included on the competitive list. We believe in a positive performance experience at Danscott Studio.

The studio has chosen 3 different competitions for 2010 and a fourth competition available to the Senior students only. Keeping this in mind, please see the Regular Class chart for each class's involvement in competitions. The teachers have determined which competitions would be best suited for each of the classes. Take a close look to determine your child's class or classes.

Please notify your teacher immediately, if you have difficulties with attending any of the competition dates. This communication and notification is extremely important.

Questions: we invite you to email your teacher.
